

**You can support us by:**

**Donations**

The revenue received from donations goes into a general care box that ensures the children's welfare in all aspects and helps to pay various vital expenses of the Cheeky Cheetah project. If any resident child at Harnas becomes ill, has medical needs, has specific educational or personal needs, etc. the money comes from this fund. Physical donations can also be made and greatly boosts the morale of the kids as it is tangible and accessible to them. The aim of the project is also to build out other education related projects, child, health and social development in our local community and under all our employees. When you make a donation you will receive a donor's certificate.

**Financially supporting a specific child**

If you choose to financially support a specific child; that money is used to pay for all expenses the child might need, including books and stationary, school fees, clothes, shoes, hygiene, blankets and other items. Once children are old enough they leave Harnas's Cheeky Cheetah Day Care and join one of the regional Primary schools. At this juncture it becomes particularly beneficial for a child to have additional external support, as the income of most lower class workers does not allow for the additional travel, food and welfare of the child. When you sponsor a child, you will receive a sponsorship certificate.

**How we use donation money:**

Donations can be made to each of the topics or sub-topics in the table below.

Cheeky Cheetah Day Care centre			
Food and vitamin supplements		Electricity, water, waste management	
Clothing and shoes		Building material, paint, gardening	
Blankets		Cleaning products
