

Harnas Wildlife Foundation has a very specific goal. That goal is to save animal lives. But we need your help; to change the course of an animal's life, make a difference to the world and leave a lasting legacy.

You can support Harnas by:

Adopting an animal

The revenue received from the adoptions goes into a general animal care box that ensures "animal care" and all its aspects. If any animal at Harnas gets sick, needs a better enclosure, etc. the money comes from these funds. When you adopt an animal you will receive a certificate and your name will go onto our website.

Donating to a project

Physical or financial donations can be made towards the various projects and makes a tremendous difference in the lives of many animals. When you do a donation, you will receive a donation certificate.

How we use donation money:

Donations can be made to each of the topics or sub-topics in the table below .
